

Summer Assignment for Incoming Eleventh Graders 2017

Asalamu Alaykum Eleventh Graders!

You will be reading two major dystopian novels (similar category to the *Hunger Games*).

You can look at your Dystopian handout to help you as well.

You will need to read and **Annotate** as you read, a minimum of **two per chapter in 1984 and ONE per chapter in Brave New World** . Look for symbols, motifs, similes, metaphors, important details, etc...

Remember to answer: "SO WHAT?" AND "What is the importance of this quote?" Ask questions as well.

You can also create a chart to compare and contrast the two novels. This can be used to help you write your **essay** that will be your first grade in the class and will be the first week.

If you have any questions, you may email me at j.elsabbagh@patulsa.org

I will be checking my email periodically throughout the summer. Regardless of whom your teacher will be, this assignment is set and will be implemented!! Be sure you read and take advantage of the Reading List if you would like to get ahead and get a glimpse of the books that will be covered your junior year.

Good Luck and Enjoy your summer! ☺

p.s. watching a movie version or reading Spark notes will not suffice for this assignment! DO NOT START THE YEAR WITH A ZERO!
