Dear Peace Academy,

Verona Uniforms is excited to partner with you to provide high quality, ethically sourced uniforms to your student body! We believe that the quest for cohesion goes beyond appearance and permeates into a sense of confidence, pride, and community spirit. Students develop heightened self-esteem and self-confidence when dressed in a sharp, consistent look that is uniform throughout the school.

Here at Verona, we pride ourselves on ethical sourcing practices within the textile industry. From our inception, our global sourcing principles have been the foundation of how we work with all our suppliers around the world in relation to human rights and decent working conditions. We source with care and from parts of the world that may need more opportunities —every clothing factory we work with is independently audited to ensure they respect our principles and treat employees fairly as we and our customers would expect.

We'd like to invite you to visit Verona Uniforms' website to submit pre-orders for your school's clothing. The site will be available to accept orders starting April 3, 2023. You may visit the store by clicking on this link: <https://www.verona-uniforms.com/> and select 'Shop By School' under the **SHOP** tab and click on your school.

Show off your school spirit and pride with a beautifully embroidered school logo. Double or triple up on your school uniform polos and tunics trimmed with a pop of color on so that you have back up options if one is in the wash or misplaced. Our pique fabric is a soft textured knit that gives a classic look. The wider cut ensures a more comfortable fit for your bright students.

Comfortable activewear is extremely important for Physical Education. If a t-shirt isn't comfy, what's the point? Our adaptive tees are made for kids who are bothered by chafing seams. Our t-shirt performance fabric allows for great breathability and comfort.

Our school uniforms come in a wide variety of standard sizes. Our school uniforms are made to be extra durable so that your kids will outgrow them, not wear them out. Our products are tailored to standard sizing shape, so children will feel comfortable and look great.

We look forward to our new partnership and delivering the look the school aspires! Coming soon to your school - shop Verona Uniforms for your school uniforms starting April 3rd!

Best Regards,

Verona Uniforms Team

ABOUT US:

Verona Uniforms is devoted to making the best possible school wear accessible to all kids from all walks of life. We are on a mission to help kids shine bright as they follow their passions.

Verona Uniforms has been trusted by schools nationwide as their uniform provider and is committed to partnering with the communities we serve. As a premier provider of school uniforms and dress code apparel for schools, it is our goal to dress students as aspired by their respective schools. We partner with our schools to diligently build a customized school apparel program that uphold the school's values and prestige. We provide the best uniform shopping experience with a team who takes personal pride and responsibility for the products, service, and relationships with the parents, schools and communities served. We work directly with our manufacturing partners in every step of the process, providing more value without sacrificing quality. We will always deliver the highest quality garment at the best price.
